

Congratulations on completion of your project with Alpha Canvas.

snapWerx will document your project with a photograph and provide you, the client, with an image file of the completed project, compliments of Alpha Canvas.

Please see the notes on the next page regarding the image file we will be delivering.

Alpha Canvas and Awning would like to thank you for your business.

snapWerx is available for all of your commercial photography needs. Please visit our web site for pricing and samples of our work.

About Your Image File

- Image files are provided in .jpg format.
- The size of the file is approximately 4-6 megabytes
- Image file is suitable for any use: literature, web site, small or large prints. For web site use it is recommended to downsize the image. If you are unsure of how to do this, snapWerx will provide a downsized image at no charge.
- The various images captured will be posted in an online gallery with a file number below the image. Simply select the image desired and email us with the file name, your company name and return email address. The image file will be emailed to that address.
- Important: This image includes ownership rights. The client may use it for any purpose free of any other licensing or use fees. Alpha Canvas and snapWerx retain the right to use the image only for promotional purposes for their respective businesses. The body of the email sent with the image will contain the transfer of ownership to the client. Please print this email and retain it for your records!

Thank you again!
