

Purchased Photos – Photoshop Post-Processing

Basic

Purchased photos include the following Photoshop post-processing for the purchased price:

- Overall exposure and contrast correction
- Overall color correction
- Minor blemish correction, including background blemishes
- Straightening (overall shot, not individual items within a shot)
- Cropping

Enhanced

The following are not included, subject to an additional charge of \$50 per hour (one hour minimum):

- Cut-outs
- Cut-outs and dropping onto an alternate background
- Major structural changes to the subject or overall shot:
 - Color/exposure adjustment of individual elements within a photograph
 - “Cloning”, adding or removing individual elements to/from a photograph
 - Major blemishes, such as reconstructing a broken or seriously malformed element. This is not always possible, therefore it is subject to prior review.

All **Enhanced** work above includes Photoshop .psd files if necessary for working with a graphic designer. We are happy to interface directly with the graphic designer on behalf of the client.

Thank you for using snapWerx!
